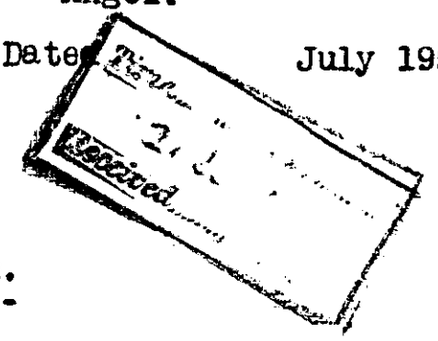
Angol.

Date July 1950.



To

The Collector,

Belgaum.

Sir,

We, the residents of Angol Mal, Near Belgaum, most respectfully beg to approach you with our following -- request and hope that it would meet with your sympathetic consideration.

2. The residents living in this locality comprise, among others, merchants, Government Pensioners, pleaders and Doctors. Though these persons have been living in -- their permanent lodgings for the past 10 years or so, -- they have not been provided with street lights, in conse--quence of which great inconvenience is caused to -- pedestrains and vehicles especially on dark nights.

3. The recent decoity in a house in the middle of the main road on this line with its loot of valuables and the use of brute force on the inmates have created fresh fears in the minds of the residents who have to pass -- sleepless nights during the dark half of the month. It is expected that the presence of lights would greatly mitigate their fears and would thus render them a permanent relief.

4. The main difficulty in the way of getting the -- lights is that the Amalgamated Electricity Co. Ltd. of -- Belgaum has been granted definite jurisdiction mentioned in their license and so they cannot instal any line beyond that limit. If however, they are given permission for -- additional lines in their license, they are prepared to extend the line to Angol area. We believe that it is in power of the District Magistrate to grant the installati of new line to the Electricity Company. If however, th

THE AMALGAMATED ELECTRICITY CO., (BELGAUM) LD.

(BELGAUM BRANCH)

HEAD OFFICE:

178, ELPHINSTONE CIRCLE,
FORT, BOMBAY.

Ref. No. F-42/50

BELGAUM, 5th August 1950
(M.S. M. RLY.)

The Collector,
BELGAUM.

Dear Sir,

Ref : Your endorsement No.MSCSR-466 of 22-7-50 on annexed application from residents of Angol-mal, Belgaum District.
Re : Electric supply to Angol mal.

In returning the above enclosure, we have to observe as under :

The area referred to in the application is outside our area of supply and the Electrical Engineer to Govt's permission would be necessary whether we or the applicants lay the overhead lines along the public road. In this connection, we would refer to section 27 of the I.E.Act.

As far as we are concerned, if their request is recommended by you for top priority and the Electrical Engineer to Govt's permission is obtained to erect poles along the public road, we will undertake the work of laying our overhead mains and give electric supply to the applicants for lighting.

In this connection, we may further point out that the applicants have already approached us and given us the needed guarantee for taking supply from us, but it is pending only for Govt. permission.

Yours faithfully
for THE AMALGAMATED ELECTRICITY CO. (BELGAUM,) LTD
Electrical Engineer.

Subject:- Electric Energy.
Supply of... to Angol Mal.

Letter.

To

The Secretary to Government of Bombay,
Public Works Department, Bombay.

No. MSC-SR- 466. Belgaum; 30th Aug.1950.

The residents of Angol Mal, a new Colony adjoining Thalakwadi (Belgaum), have represented to me that they should be provided with street lights. The absence of street lights causes great inconvenience to pedestrains and vehicles in the above locality.

The Amalgamated Electricity Company(Belgaum) Ltd. cannot, however, supply electricity to the said locality as it is out side the " area of supply ". The Company is willing to undertake the work of -- laying its overhead mains if Government accords -- sanction to extend the existing area of supply to ' Angol Mal '. The Company has intimated that the residents of the area in question have given the - required guarantee for taking the supply from it.

There seems no objection to have the proposed extension. Government may, therefore, be moved to - accord sanction to the proposed extension, as the - licensee has undertaken to supply the energy, on the requisite conditions under Section 27 of the Indian Electricity Act. Besides the persons to whom the - energy is to be supplied have also entered in to an agreement for taking the supply as required under the provisions of the said section of the Act.

Papers of the case (1 to 8 pages) and the blue print of the plan accompany.

O.C.Signed by
the Collector.

To

The Collector and District Magistrate,

B e l g a u m.

Dear Sir,

With reference to our letter of 21st aug.last 47
regarding supply of electrical energy to residents of Angol Road, I beg to request that you would be pleased to accord your sanction for top priority supply of the energy to the members as shown in the enclosed list who possess their own premises on the road.

The Amalgamated Electricity Co.Ltd.Belgaum have asked for the list with a view to take up the work of erecting poles on the road as early as possible and hence the request.

Hoping this meets with your approval.

Yours faithfully,

Sd/-

Subject :- Grant of Electricity Licence to our Association for development of Industrial Trade Estate near Angol Village, Belgaum Taluka. Belgaum District.

Reference :- Our interview on 13th November 1950, on the above subject at Bombay.

Sir,

Herewith find a letter addressed to the P.W.D., State of Bombay, for issuing a licence for erection and distribution of electric energy to the small and big scale Industries those will take place in the proposed industrial area in Angol village limits of Belgaum District.

The accompanying pamphlate issued by the Amalgamated Electricity Co. (Bel.) Led. Belgaum branch will clearly show that the conditions put in by the Power House are such that they will not help the industries but are determined in the interest of Manufacturer's. Also the cost per B.H.P. proposed to be charge with Rs.120 per B.H.P. as deposit will clearly show that the Company wants to press down the Belgaum industrial activities.

The Association has unanimously settled that the power from Local Company will to be too costly in view of the conditions laid by the Company and should have its own power of sufficient capacity, so as to be and activity of various branche, of the Association.

In view of this we humbly request you to kindly forward our application to the P.W.D., Secretary, duly recommended.

Thanking you in anticipation,

Yours faithfully,

Sd/- T.S.Patravala.

THE AMALGAMATED ELECTRICITY Co. (Bel.) Ltd.,
BELGAUM—BRANCH.

Conditions for New Motive Power Supply.

1. A requisition form should be signed by the applicant at the same time informing the Company the name of his Wiring contractor.

2. The applicant should enter into an agreement on stamped paper with the Company in the prescribed form supplied by the Company to take supply for a minimum period of two years and guarantee a minimum off-take at the rate of Rs. 5/- per month per B.H.P. installed i. e. Rs. 120/- per B. H. P. for the period of two years. This will carry an interest of 3½% per annum.

3. The applicant should deposit with the Company the minimum guarantee as per para 2 immediately the Agreement is entered into.

4. The applicant should make a deposit against the cost of service line to be laid for him.

5. The applicant should pay a deposit of Rs. 10/- per B. H. P. installed against regular payment of his electricity bill.

6. **Re. : Flour Mill Installations :-** It is expected that the supply may be staggered and restricted by Government for about four hours a day.

Items 2 to 5 inclusive should be complied with by the applicant within 14 days of the notice of intimation by the Company as to whether the supply will be available to him.

7. The applicant should send to the Company the completion report of his installation through the wiring Contractor within a month from the date of the receipt of the intimation of the availability of supply as above.

8. Failure to comply with any of the above will be taken to mean that the supply is not required by the applicant, and he will have to wait for his turn when next supply is required by him.

9. (a) No transfer of power by sale, hire or otherwise will be allowed without the permission of Government.

(b) No change in the purpose for which the power was sanctioned will be allowed without the permission of Government.

(c) No use of power beyond the restricted period of sanction of permits will be allowed in any case.

El. Br. (I). P.W.D.

These papers deal with the representation from the residents of Angal Mal, near Belgaum for the supply of electric energy. The Collector of Belgaum has recommended (P11) that the Amalgamated Elecy. Co., Ltd. Belgaum which at present gives supply to Belgaum may be permitted to supply the energy to the Angal area under section 27 (ii) of the I.E. Act, 1910. Whilst the recommendation (P11) of the Collector was under consideration of Govt., a representation (P 27 & 31) of the Belgaum Manufacturer's Co-operative Building Assn. has been received requesting for a grant of seperate license to the Assn. mainly on the ground that the power from the local Coy. - viz. the Amalgamated Elecy. Coy. Ltd., Belgaum, would be too costly.

2. It is doubtful whether the Belgaum Manufacturer's Co-operative Building Association will be able to get power at cheaper rate by having a seperate license than those offered by the supply Coy. Besides, the supply coy being established may be able to give supply earlier than the Association

3. Taking all the above facts into

It would be perhaps advantageous from the public point of view, to permit the Amalgamated Elecy. Coy. Ltd, Belgaum to extend its area of supply to Angol Mal than to grant a fresh license to the Association referred to above. In that case it would be necessary to advise the supply. coy. to make an application for the extension of the area of supply under section 4(3)(b) of the I.E. Act, 1910. as the proposed extension cannot be granted under section 27 of the I.E. Act, 1910 as recommended by the Collector of Belgaum.

4. Before further action is taken, in the matter the Elect. Engr. may be asked to offer his views in the matter..

Below U.O.R.No.6591/36/308 dated the 23rd January 1951, from Government in the Public Works Department.

No. LRM 12 / 13230. of 1950-51.

Bombay, ~~January~~ 1951.

1 — 2 —

Returned, with compliments.

2. In order to give supply to the residents of Thalakwadi, a suburb of Belgaum, which is included in the Belgaum Electric License, the Company has extended its mains upto the border of the Angol Village, and it will, therefore, be advantageous from the public point of view to include Angol Village in the area of the Belgaum Electric License. It is not desirable to give an independent license for Angol Village as it will not be possible for any new undertaking to give supply at rates lower than those charged by the Amalgamated Electricity Co.(Belgaum), Ltd. As the District Magistrate is of the opinion that electric supply should be introduced immediately, it is suggested that provisional permission may

be....

be given to the Company to give supply to the consumers and the Company be asked to apply for an amendment of its license.

p35

The remarks of the Electrical Engr. are submitted with reference to the O.N. p33-34 dated the 22-1-1951.

2. The Electrical Engineer is of the opinion that from the Public point of view it is advantageous to include Angol Village in the area of the Belgaum Electric License. That officer also agrees to permit the Supply Company to extend its area of supply to Angal Mal than to grant a fresh license to Belgaum Manufacturers' Co-operative Building Association, for the reasons that it is not possible for the new undertakings to give supply at lower rates than those charged by the Supply Company. From the plan p37 attached to the subsequent communication p39 dt. the 24-2-1951, from the Belgaum Manufacturers' Co-operative Building Association, Ltd., it will be seen that Angol Village is excluded from the area for which the Association requests for a license. The Assn. is not thus concerned with the electrification of Angal village.

p35

3. The Elecl. Engr. has also suggested that as the Supply at Angal village is urgently required as stated by the District Magistrate, provisional permission may be given to the supply company, to give supply to the consumers and it be asked to submit an application under Section 4(3)(b) of the I. E. Act, 1910. In this connection it may be stated that similar permission has been granted to M/s. Rander Elec. Supply Co., to extend their lines to the colony of displaced persons in G.L. No.3026/48-El.(I), dt. the 23-2-1951, as the Supply was urgently required.
